

Counselors for Social Justice

2025 CONFERENCE EXHIBITOR & SPONSORSHIP OPPORTUNITIES

April 11 & 12, 2025 • In person in San Juan Puerto Rico

Counselors for Social Justice (CSJ) is a national organization comprised of counselors, counselor educators, and counseling students who are committed to equity and justice in mental health and the counseling profession. We actively work to destigmatize mental illness by educating communities about the full spectrum of mental health and providing strategies to support individuals experiencing mental distress. We believe communities should have access to a diverse pool of skilled mental health providers, and that all counselors and counselor educators should have equitable access to quality education, supportive mentorship, and networking opportunities to build strength through relationships.

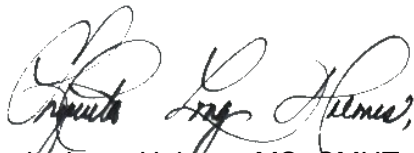

To further these goals, the first-ever CSJ conference is being held on April 11 and 12, 2025, in San Juan, Puerto Rico. We have over 90 educational sessions with presentations and panels scheduled and are expecting at least 250 attendees. As part of our conference, we will be hosting a luncheon where we will provide awards to outstanding students and professionals engaged in advocacy work in their respective communities. We also provide small grants to support students and counselors in furthering their advocacy work. An Exhibit Hall will be available for exhibitors to have a presence in sharing their work, products, services, and organizations with attendees. And finally, we are partnering with a local organization to engage in a community service project that meets an identified need.

As you can imagine, there are significant costs involved with putting on this conference. We are a small, volunteer-run organization operating on a tight budget. We are looking for financial help from donors like you who also value diversity, equity, and justice.

In appreciation of your anticipated donation, we would advertise your organization in our program brochure, and include you or your organization's name in a thank you video on our website. Also, depending on the level of donation (see page 2) you may receive other forms of recognition.

We hope we can count on your support to make this event a success in bringing together advocates for change in our field, for education, connection, and inspiration. Thank you in advance for considering a sponsorship of the CSJ Conference in Puerto Rico!

Sincerely,

Chiquita Long Holmes, MS, CMHT, PLPC
